BRAIN INJURY PROGRAMS

Brain injury Programming and Research Internship Summer 2017

Intern Role: Assist with delivering a host of wellness programs and research initiatives designed to improve the quality of life of survivors of acquired brain injury (ABI)

Location: SLI Brain Injury Health and Wellness Center, 7 Oakland St., Lexington, MA

Summer Program: 6/5/17 – 8/10/17 | Monday – Friday 10:00am to 5:00pm

Job Description: Under the direction of the Wellness Center program director, an intern at the SLI Brain Injury Wellness Center will actively participate in administering intensive wellness programs for survivors of ABI. These programs include, but are not limited to:

- Physical fitness
- Cognitive fitness training
- Music therapy
- Horticultural therapy
- Nutrition education and programming
- Research

Commitment: Interns will complete up to 300 hours of hands-on experience. Please note this is an unpaid position

Qualifications:

1. Undergraduate or graduate students looking to gain a basic understanding of, and comfort working with individuals living with and recovering from brain injury
2. Able to work both independently and as part of a team while effectively following the training guidelines established by the Program Director. Field of study may include, but not limited to: exercise physiology, recreation, psychology, neuroscience, kinesiology, physical therapy, occupational therapy, health, etc.
3. Able to assist in monitoring participant outcomes by recording health data that will be applied to improving the Center's brain injury rehabilitation program
